

Subscription Pricing & Rev-Share Model — v2

LOCKED

BIRTHRIGHT FOUNDATION · SECURE BONDS > THRIVE · EXPORTED MAY 24, 2026 05:05 UTC

v2 supersedes v1. All principles confirmed in the May 24, 2026 planning session are baked in: longer commitment = smaller fee AND smaller foundation share; Foundation IP rev-share floors at 35/65; facilitators never bulk-buy participant materials; no facilitator commission on Foundation materials (conflict-of-interest avoidance); participant referrals as store credit only; required materials bundle into ticket; tiered refund policy.

1 · Locked principles

- 1. Longer commitment is always rewarded.** Effective \$/mo decreases; foundation share of partner revenue decreases; partner keep increases.
- 2. Foundation only controls Foundation IP.** Everything else must be earned with carrots, not sticks.
- 3. Participant materials are participant-only.** Facilitators cannot bulk-purchase. Admins author but do not buy.
- 4. No facilitator commission on Foundation materials.** Foundation-driven promotion only; prevents conflict-of-interest and protects facilitator professional ethics codes.
- 5. Mission-first, value-capturing.** Foundation share scales with partner revenue — we eat only when they eat.

2 · Standard rate tables (at BTI = 1.0)

Pre-traction \$ = these × 0.5 (current default). Founding-partner \$ = these × 0.75, locked 5 years.

Facilitator

PLAN	SUB FEE	EFFECTIVE \$/MO	FOUNDATION IP (FOUNDATION SHARE)	NON-IP (FOUNDATION SHARE)	OFF-SITE
Monthly	\$99/mo	\$99	50%	20%	7%
Annual	\$899/yr	\$75 (−24%)	42%	15%	5%
2-Year	\$1,499	\$62 (−37%)	35%	10%	3%

Floor: Foundation IP share cannot drop below 35% except by admin override with audit log + governance proposal (per v1.6.0).

Vendor (all sales are non-IP)

PLAN	SUB FEE	EFFECTIVE \$/MO	ON-SITE (FOUNDATION SHARE)	OFF-SITE
Monthly	\$49/mo	\$49	22%	7%

PLAN	SUB FEE	EFFECTIVE \$/MO	ON-SITE (FOUNDATION SHARE)	OFF-SITE
Annual	\$419/yr	\$35 (–29%)	17%	5%
2-Year	\$749	\$31 (–37%)	12%	3%

 Community / Affiliate — FREE entry (we pay them)

PLAN	SUB FEE	THEIR REFERRAL SHARE	VOLUME BONUS
Starter	FREE	8%	—
Plus	\$19/mo	10%	+2% after 25 conversions/yr
Pro	\$99/yr (\$8/mo)	12%	+2% after 50; +4% after 100
2-Year Pro	\$149 (\$6/mo)	14% locked	Volume bonuses still apply

 Research — FREE entry + Eminence Sharing Agreement

PLAN	SUB FEE	WHAT'S INCLUDED
Standard	FREE	Submit research; chronological listing; ESA signed; foundation 5% on-site / 3% off-site if monetized
Citation Pro	\$99/yr	DOI minting, citation analytics, press-release co-rights
2-Year Citation Pro	\$149 (\$6/mo)	Locked rates; same benefits

À-la-carte paid promotion: Featured Research \$99/mo · Highlighted Research \$29/wk (one-time Stripe charges).

3 • Foundation materials & supplemental product rules

PRODUCT TYPE	WHO CAN BUY	EXAMPLES	REV-SHARE
merch	Anyone	Branded journal, mug, t-shirt	Foundation 100% or vendor split
workshop_material	Only paid registrants of that workshop	Workshop workbook, guided audio	100% to foundation (less Community referral if applicable). NO facilitator commission.
NEW facilitator_material	Only active Facilitator partner profiles	(Currently undefined — no foundation-curated facilitator library exists)	Foundation 100%
vendor_product	Anyone	Third-party merch via vendor catalog	Vendor rev-share (per their tier)

Required vs optional material handling

- **Required materials** (`is_required: true`) → auto-added to workshop ticket at registration with disclosure ("includes workbook"). Single line item on Stripe; foundation keeps the workbook portion as 100%.
- **Optional materials** → shown as supplementary at checkout + post-registration; foundation drives the gentle nudge in confirmation email, dashboard, mid-workshop reminders. Facilitator is NEVER the salesperson.

Why facilitators do NOT earn referral commission on Foundation materials

REASON	DETAIL
Professional ethics codes	APA / ACA / NASW / ICF all prohibit dual-relationship financial benefits with clients
Already fully compensated	Subscription = right to teach IP; workshop rev-share = labor of delivery
Materials are not facilitator-curated	Foundation chooses bundling; no endorsement to compensate
Mission reinvestment	Every \$1 in commission is \$1 not funding better materials/research
FTC #ad disclosure avoided	Skipping commissions removes paid-endorsement legal complications

4 • Refund & clawback policy (codified in v1.11.0 Step 8)

CANCEL TIMING	TICKET REFUND	MATERIAL REFUND
> 72 hours before workshop	Full	Full
24–72 hours before	Full	None
< 24 hours before	None	None
Facilitator-initiated cancellation	Full	Full

Stripe refunds trigger automatic referral-row clawback per v1.11.0 cascade.

5 · Participant referrals — store credit, no cash

Inserted into v1.11.0 rather than v1.12.0 — reuses the v1.9.0 referral cookie/attribution flow and shares the checkout-credit-redemption code with v1.11.0 Step 8 refund cascade. Minimizes refactoring.

- Participant refers a friend → friend completes a workshop → referrer receives **15% store credit** toward their next purchase
- Credit applies to workshops, materials, OR merch — participant's choice
- No cash payout; no 1099 obligation; no W-9 collection; no payout-batch infrastructure
- New `user_credits` collection tracks balance + redemption ledger
- Credit auto-applies at checkout (toggleable by participant)

6 · Carrots — why partners stay in the ecosystem

Universal (all partner types)

- One dashboard · one payout · one 1099 (vs 3–4 platforms otherwise)
- **Indemnification coverage** extends v1.6.0 to cover partner work — hard to replicate elsewhere
- "Birthright Approved Partner" trust badge
- BTI transparency + grandfathered rates on renewal
- Cross-partner collaboration tools (Phase 6C)

Facilitator-specific

- **The subscription IS the carrot** — buys the right to teach Foundation IP workshops
- Virtual workshop venue (Zoom/Whereby integration) — saves their own license cost
- Co-branded marketing assets generated by foundation
- Student cross-pollination — students from one facilitator can register with others at small discount
- *NOTE: no "free facilitator library" — none exists; materials are activating, not conceptual*

Vendor-specific

- Zero listing fees (vs Etsy \$0.20/listing + transaction fees)
- AI product mockup generation — first 5 listings free (Gemini Nano Banana)
- Workshop-supply bundles offered to **participants at registration** (NEVER bulk-bought by facilitators)
- Foundation events buy inventory for foundation-run symposiums at vendor bulk margins

Community-specific

- Volume bonuses significantly outpace Amazon Associates (1–10%)
- 2-Year Pro locks 14% lifetime, immune to BTI changes
- Pro tier: 1 free workshop per quarter, featured listing eligibility, custom UTM analytics
- Co-marketing in foundation newsletter + social

Research-specific

- DOI minting through foundation (~\$0 vs \$275 via Crossref)
- Annual Research Symposium — invited speaking slot, no fee
- Press release co-rights via foundation PR
- Funding-introduction commission — 2–3% of grants from foundation-initiated intros
- Data co-ownership for anonymized workshop datasets

7 · BTI multiplier (traffic-adjusted pricing)

BTI RANGE	MULTIPLIER	PLAIN ENGLISH
0.0 – 0.2 (today)	× 0.50	Pre-traction discount
0.2 – 0.5	× 0.70	Early launch
0.5 – 1.0	× 0.85	Approaching parity
1.0 – 1.5	× 1.00	Standard rate
1.5 – 2.5	× 1.15	Premium
2.5+	× 1.30	Hard cap on surge

Formula: $BTI = (90d_unique_visitors / 50,000) \times (90d_conversion / 0.025)$. Recalculated quarterly. Existing subscribers grandfathered until renewal. Founding partners immune to increases.

8 · Founding Partner program

- First 25 partners per type (100 total) during the 2-month outreach window
- Locked at Standard × 0.75 for 5 years
- Immune to BTI surge increases; benefits from BTI decreases (wins both ways)
- "Founding Partner" badge displayed publicly
- One-time eligibility, non-renewable

9 · Music Video Library (P2 backlog, non-revenue)

Foundation-curated playlist on YouTube/YouTube Music. Embeds available in workshop chat / breakout rooms. Lyric videos created by participants/facilitators under Creative Commons for educational use. Available to facilitators AND participants. **Explicitly not monetized.**

10 · Revenue stream audit

STREAM	STATUS
Foundation IP workshop tickets · subscriptions · vendor on-site · workshop materials · community referrals	Live
Off-site (outbound) referrals · sponsored / featured placement · research paid promotion · funding-introduction commission	New in v1.11.0
Participant referral store credit	Added to v1.11.0 (this revision)
Facilitator certification fee (~\$500 one-time) · workshop-supply bundle margin (5-10%) · Annual Symposium tickets · Foundation-recommended tool affiliate	Queued for v1.12.0

11 · Remaining defaults (will apply unless you object)

DEFAULT **BTI baselines:** 50K visitors / 90 days · 2.5% conversion (parity threshold)

DEFAULT **Pre-traction multiplier:** Start at × 0.50 immediately (rather than wait for live BTI measurement)

DEFAULT **Founding partner cap:** 25 per type / 100 total

DEFAULT **Transparency page:** </governance/revenue-sharing> publishes BTI value publicly

DEFAULT **Eminence Sharing Agreement:** I draft v1 inline with v1.6.0 indemnification (you/legal can refine before launch)

DEFAULT **Indemnification extension:** v1.6.0 expands to cover partner work

DEFAULT **Volume bonus thresholds:** 25 / 50 / 100 conversions/yr → +2% / +2% / +4%

DEFAULT **3 proposed v1.12.0 streams:** certification fees, supply-bundle margin, symposium tickets, tool-affiliate → queued for v1.12.0 (avoids v1.11.0 bloat)

If silent, all defaults apply when v1.11.0 implementation begins.
