Subscription, Rev-Share & Referral Plans — Final Review

[Download](#)

FOR APPROVAL

Created May 24, 2026 · reflects live DB seed

Clean review document with all rate tables + per-section rationale footnotes. Reflects exactly what's seeded in MongoDB right now. Approve to commit to git.

Subscription Pricing & Rev-Share Model — v2 LOCKED

[Download](#)

V2 LOCKED

Created May 24, 2026 · supersedes v1

All principles confirmed: longer commitment = smaller fee + smaller foundation share; Foundation IP rev-share 50 → 35% floor; no facilitator commission on Foundation materials; participant referrals as store credit; required materials bundled; tiered refund policy.

Subscription Pricing — Market Analysis & Proposal

[Download](#)

V1 — HISTORICAL

Created May 23, 2026

Original market analysis with 6 open questions — preserved for reference. Superseded by v2.

v1.11.0 — Partner Economy Completion · Scope & Plan

[Download](#)

V1

Created May 23, 2026

Architecture plan inserted BEFORE Phase 6B.5: off-site attribution, founding-partner program, hybrid featured sponsorship, rev-share overrides, research economics, payout infrastructure. 10 independently-testable steps with per-step test plans.

Phase 6B.5 — Research Submissions Queue · Scope

Download

V1

Created May 23, 2026 · Paused pending v1.11.0

Personas · data model · backend API · frontend pages · email touchpoints · acceptance criteria · 5 open decisions.
